

India Mission, Mission India (IMMI) is an Evangelical, Interdenominational Christian ministry began with the conviction that the churches in India needed something more than just another Ministry. Rather, it needed an evangelical mission-focused seminar for Pastors and Leaders through sound doctrine and rightly handling the Word of truth that held on to the centrality of the Christian gospel, as well as contained sound theological learning, to equip Pastors/Leaders to meet the challenges of the 21 st Century.
